Service Agreement: Founding Practice

This agreement covers SOVRN Growth's founding package for Primavera Dental Group: $12,000 for the first 90 days, both offices, with a 30-consult guarantee.

Parties

This Service Agreement (the "Agreement") takes effect on the date of the last signature below, between:

- **Lux Eterna LLC**, a Delaware limited liability company doing business as SOVRN Growth, 110 N Interstate 35, Suite 315-1083, Round Rock, TX 78681 ("SOVRN Growth"), and
- _____ (legal name of the practice), doing business as Primavera Dental Group, 701 FM 685, Unit 150-155, Pflugerville, TX 78660, and 815 Brazos Street, Austin, TX 78701 (the "Practice"), represented by Dr. Moetaz Homsi.

The Practice joins as one of SOVRN Growth's first three founding practices.

1. Scope of work

SOVRN Growth builds and runs a system that brings the Practice new implant patients and answers each one within 60 seconds.

1. **Implant ads.** SOVRN Growth creates at least four Meta (Facebook and Instagram) ad concepts and a short video for the Practice, launches them, and moves budget toward the ads that book consults. The Practice approves every ad before it runs.
2. **Landing page and booking flow.** A page under the Practice's name that the ads open, with two short questions, the patient's name and mobile number, and a consult time picker.
3. **60-second response.** When a new patient gives a phone number through an ad, the website chat, a website form or the booking page, the Practice's front desk phone rings within 60 seconds and connects the call with one tap.
4. **AI voice receptionist ("Sofia").** An AI voice agent for both offices that answers calls the team can't take, including overflow, lunch, after-hours and weekend calls. Sofia answers common questions in English and Spanish, books implant consults, takes messages and transfers urgent calls to the Practice's on-call number. A recording, transcript and summary of each call is available to the Practice.
5. **Missed-call text back.** Once call forwarding is set on the Practice's line and carriers approve texting (usually 1 to 3 weeks), callers who don't reach the Practice get a text to book.
6. **Weekly report.** Every Monday, a list of each booked implant consult by patient name and appointment date, plus ad spend and results.
7. **Ad management.** Daily monitoring of the ad account, budgets and creative.

Timeline: ads ready within 3 business days of onboarding; ads live within about 2 weeks of signing, once the Practice completes its responsibilities in section 4.

2. Fees and payment

The Practice pays a flat fee for each 90-day term, in advance. Fees never depend on the number of patients, consults or treatments.

Item	Price
Founding package: everything in section 1, both offices, first 90 days	**$12,000, paid in full at signing**
Each following 90-day term, at the founding rate	**$12,000, paid at the start of the term**
Sofia after the first 90 days	**$750 a month per office**
Sofia at any additional office	**$750 a month per office**
Ad budget, paid by the Practice directly to Meta	**At least $3,000 a month**

Founding rate. The $12,000 rate is locked for 12 months from signing. Practices that join after the first three founding practices pay $15,000 per 90-day term.

- **Payment.** Payment is by card or bank transfer through SOVRN Growth's Stripe payment link. The founding package is due at signing, and each renewal is due at the start of its term. Sofia's monthly fee is charged automatically each month after the first 90 days.
- **Ad budget.** The Practice pays Meta directly for ad spend through its own ad account. Ad spend never passes through SOVRN Growth and is not part of the fee.
- **Late payment.** If a fee is more than 10 days late, SOVRN Growth may pause work until it is paid. Paused days don't count toward the 90 days in section 3.

3. The 30-consult guarantee

> **If SOVRN Growth does not book the Practice 30 implant consults in the first 90 days, SOVRN Growth works months four through six for free.**

- **When the 90 days start.** On the day the Practice's ads go live, not the day of signing.
- **What counts.** A real person in the Practice's area who books a specific date and time for an implant consult. Spam and duplicates don't count, and a reschedule counts once. Consults booked at either of the Practice's offices count.
- **How it's counted.** Each booked consult appears by name and date in the Monday report, checked against the Practice's own schedule.

- **If SOVRN Growth falls short.** SOVRN Growth keeps all services in section 1 running for months four, five and six at no fee. The Practice keeps paying Meta for ad spend at the minimum budget. This is free work, not a refund.
- **Conditions.** The guarantee applies only while the Practice meets its responsibilities in section 4 and pays fees on time. Days the Practice is out of compliance are added to the 90 days.
- **No per-patient pricing.** The guarantee doesn't make any fee depend on the number of patients or consults.

4. Practice responsibilities

The Practice agrees to:

1. Give SOVRN Growth access to its booking calendar and keep open consult times available each week.
2. Approve or request changes to ads and pages within one business day.
3. Fund an ad budget of at least the minimum in section 2, paid directly to Meta, with ads kept running.
4. Give SOVRN Growth access to its Meta business and ad accounts, or create them during onboarding.
5. Answer the 60-second calls during business hours and book consults in its own system.
6. Set call forwarding on its main line and complete carrier texting registration when asked.
7. Name one contact who answers SOVRN Growth's questions within one business day.

5. Term, renewal and cancellation

- **Initial term.** The first 90 days after ads go live, plus months four through six if the guarantee in section 3 applies.
- **Renewal.** After the initial term, the Agreement renews for consecutive 90-day terms at $12,000 each, paid at the start of each term, unless either party gives written notice (email is enough) at least 30 days before a term ends.
- **Sofia.** After the first 90 days, Sofia continues month to month at $750 per office until either party cancels with 30 days' written notice. The Practice may keep Sofia even if it stops the rest of the program.
- **Refunds.** Fees already paid are not refunded, except under the signing terms below.
- **Signing terms.** If the Practice paid before receiving this Agreement and does not sign it within 7 days, SOVRN Growth refunds the payment in full.
- **On cancellation.** SOVRN Growth stops the ads it manages, hands over everything listed in section 7, and returns or deletes patient information as required by the BAA.

6. Patient information and compliance

- **BAA.** The parties sign a HIPAA Business Associate Agreement (Exhibit A) before SOVRN Growth receives any patient information. The BAA governs patient information if it conflicts with this Agreement.

- **Texting consent.** SOVRN Growth texts only people who agreed to receive texts, and honors STOP requests. Sofia tells callers she is a virtual assistant when asked, never quotes prices or gives medical advice, and transfers urgent calls to the Practice's on-call number.
- **Advertising rules.** Ads use no AI-generated patients, no testimonials except real ones the Practice provides with permission, and no claims the Practice hasn't approved. The Practice is responsible for confirming ads meet Texas State Board of Dental Examiners rules before approving them.
- **Flat fee.** SOVRN Growth is paid a flat fee for marketing services, never per patient referred, consistent with Texas dental advertising rules.

Exhibit A, the Business Associate Agreement, is signed at onboarding, before SOVRN Growth receives any patient information.

7. Ownership, exclusivity and general terms

- **Ownership.** The Practice owns its ad account, its patient and contact data, and the final ads made for it once fees for that period are paid. SOVRN Growth keeps its software, templates and methods.
- **Exclusivity.** While this Agreement is active, SOVRN Growth won't provide this service to another dental practice within 10 miles of either of the Practice's offices.
- **No guarantee of revenue.** Apart from section 3, SOVRN Growth does not promise any number of patients, treatments or revenue. Results depend on the Practice's case acceptance, pricing and follow-up.
- **Limit of liability.** Each party's total liability under this Agreement is limited to the fees paid in the 3 months before the claim, except for breaches of the BAA.
- **Governing law.** Texas law governs. Disputes go to the courts of Travis County, Texas.
- **Entire agreement.** This Agreement and Exhibit A are the whole agreement. Changes must be in writing and signed by both parties.
